of interest:**

- Sister Florence Teck recovering well!

# Temple Baptist Mission

## St. Matthews Village

*Belize, Central America*

### *Update*

**Greetings in the name  
of our Lord.**

I want to apologize for the absence of reports from Temple Baptist Mission during the past few months.

As I had reported to you in our last newsletter, The Tecks have been experiencing several issues on the field which have made their reporting more difficult. Sister Florence has been ill, undergone surgery, and rightfully so, has been very focused on her recovery. Also, the computer which they had has crashed, and due to the health issues they have experienced they have been unable to travel to get a replacement. I hope they will be able to get the new computer in the next week or so.

I am happy to report that Sister Florence continues to recover, however at her July checkup the doctor informed her that she would be required to remain off work for another month. All the results came back good and we are thankful to God for His grace and for each of you for your prayers.

The work at the mission continues to go well. They are preparing for their annual camp during early August. Please continue to remember each member of the mission in your prayers that God will increase their faith and use them to fortify the work in St. Matthews village.

Please continue to pray the Tecks son, AJ as he is scheduled for a scan in the next few weeks as the doctors continue to monitor his health also.

As I conclude, I would ask you to also lift up Bro. Aaron in your prayers. With the health issues his family has been experiencing, dealing with the stresses of his work load as well as carrying out his work at the mission, I am sure that he becomes weary at times.

Please remember each of them in your prayers and thank you for your compassionate understanding for them during what has been a very stressful time.

God Bless,  
Bro. Darry Hatfield
